

## BRYAN ENDORSED BY DEMOCRATIC STATE COMMITTEE

### State Convention Called to Meet At Columbus May 5 and 6

### To Endorse Candidate for U. S. Senator---Delegates to Convention Apportioned on Vote for Pattison for Governor.

Columbus, Feb. 19.—The Democratic State Central Committee Tuesday fixed May 5 and 6 as the dates, and Columbus as the place, of holding the Democratic state convention.

The temporary officers of the convention will be: Chairman, Edward H. Moore, of Mahoning county; secretary, Benjamin F. Gayman, of Franklin county; sergeant-at-arms, Bert Bartlow, of Butler county.

The convention call does not require the selection of delegates by primaries. They may be chosen by mass convention, by delegate convention, the delegates to which are to be elected by primary, or by direct primaries, as the county committees see fit.

The principal feature of the committee meeting was the endorsement of William Jennings Bryan for the Democratic nomination for president. The resolution of endorsement is as follows:

The Democratic State Central Committee of Ohio, in regular session assembled this 18th day of February, 1908, is not unmindful of the fact that the Democratic state convention of 1908, which created it, demanded with great enthusiasm and absolute unanimity, the nomination for the presidency in 1908 by the National Democracy of that unchallenged leader, William Jennings Bryan, and this committee believes it is but echoing that demand, grown stronger with the march of each day's events, when it now renews it, and endorses the candidacy of Mr. Bryan and pledges him its support in the approaching campaign for the nomination, as well as the election.

Notice is given in the call that the state convention is to nominate a

candidate for United States senator. This brings to the front the candidacy of ex-Governor James E. Campbell, who is the only man whose name has been seriously discussed for the senatorial nomination. His endorsement by the State Convention will meet with great popular favor throughout the state.

The apportionment agreed upon is one delegate for each 500 votes cast for John M. Pattison for governor in 1905, and one additional delegate for every fraction of 250 or over. Upon that basis the representation in the convention will be as follows:

## JAPAN REPLIES TO AMERICAN MEMORANDUM

TOKIO, Feb. 19.—Japan's reply to the American memorandum of January 26th, concerning Japanese coolie immigration into the United States, a reply which the Mikado believes will satisfy the Washington government and immediately end the pending controversy, was handed to Ambassador O'Brien here today. The document concedes practically all that America has asked and assures restrictions on emigration to America, which, if made good, will probably prove quite effectual. Ambassador O'Brien will forward the communication to Washington at once.

## INCENDIARY

### STARTS FIRES IN BROOKLYN AND KEEPS DEPARTMENT VERY BUSY.

Four firemen injured fighting the flames—Man arrested charged with the crimes.

New York, Feb. 19.—Five incendiary fires in the heart of Brooklyn and another in Green Point district today gave the fire fighters and police the hardest days work they have had in a long time. Joseph Dugan was finally arrested, charged with starting the fires. Four firemen were injured fighting the flames.

## RECLUSE IS FOUND DEAD.

Chardon, Feb. 19.—Not having seen him for several days neighbors broke in the door of the residence of Chas. Hammond, a recluse of Hammond, and found him dead.

## WOMEN

### WERE HATED BY "JACK, THE ACID THROWER," BECAUSE ONE WRONGED HIM.

Used Small Syringe to Spray Acid on Victims—Thirty-three Cases in Eighteen Months.

Baltimore, Md., Feb. 19.—"Jack the Acid Thrower," who has been throwing vitriol on women in Baltimore for two years, was captured yesterday in the person of John Kreigendorfer. The man was caught red-handed and made a confession.

"I have always hated women," he said. "One of them treated me wrong once and I've no use for any of them. I suppose that's the reason I threw acid on them. I got the acid in the factory where I work and used a small syringe, which I threw away when you policemen were struggling with me today."

In 18 months 33 cases of acid

throwing have been reported to the police, and it is believed that many more victims suffered rather than report to the police and gain notoriety, which they regarded as unpleasant.

## BARGAIN DAY

### For New York Woman Who Was Struck by an Auto—Ahead of the Game.

New York, Feb. 19.—Five minutes after she had been hit by an automobile, at Thirty-fourth street and Broadway, a woman obtained damages. She was crossing the street, when a big machine struck her down. She arose with a torn cloak and a slight bruise on the arm to show for her narrow escape from death.

Policeman Dan Rinn, of the Traffic Squad, was right on hand. "Will \$10 cover the damage?" he asked the dazed victim.

"Yes, sir," said the woman.

"Give it to her," ordered Rinn to the chauffeur.

The latter peeled off one of the new lemon colored bills, handed it to the woman, jumped into his car and whirled away.

"I'm satisfied," said the woman to Rinn. "The whole cloak cost only \$4.98."

## CLAIM MORSE WILL PAY ALL DEBTS IN TIME

New York, Feb. 19.—There is a fight among Chas. W. Morse's creditors over the question of bankruptcy proceedings. Something like 95 per cent of them oppose action of the kind. The large creditors hold that Morse will pay all his debts if given time to realize on his assets to advantage.

## CHARGES COMMITTEE WITH UNFAIRNESS

Columbus, O., Feb. 19.—Attorney Booth, representing a number of the defendants in the Meek school investigation today assailed the committee charging that it had been unfair to his clients. Judge Milner Hayed Booth and declared the committee should take such general scope in its inquiry as would enable recommendations of remedial legislation. Dean Williams of the state normal school at Athens, said the general impression among school teachers in sixty counties that he had visited was that irregularities existed in granting certificates and that examiners were employed as institute teachers to accomplish such irregularities. Regarding Attorney Booth's charges of unfairness the committee decided to ignore them.

## PASTOR STRICKEN.

Piqua, Feb. 19.—While revival services were in progress at the First Christian church, the pastor, the Rev. W. D. Samuel, was suddenly stricken with illness. He was removed to the parsonage and is in a serious condition.

## SCARLETTINA MALIGNA WILL NOT TROUBLE EDITORS

New York, Feb. 19.—The greatest interest has been aroused among physicians here through the declaration of Dr. Jacob Gutman that a disease contracting through handling dirty paper bills caused the death of John McD. Hopkirk, superintendent of the Mills Hotel No. 2.

Scarlettina maligna is the disease which carried off the hotel superintendent in a very brief illness. Dr. Gutman says there is no doubt he was poisoned by handling the dirty money which comes to the hotel through all sorts of channels. The doctor will write articles on the subject for a medical journal.

## MOTTO WILL BE RESTORED ON ALL GOLD COINS

Bill of Congressman Ashbrook Favorably Reported by House Committee on Coinage.

Washington, Feb. 19.—"In God we trust," according to a mandate today of the house committee on coinage, will go back on all gold coins. The committee favorably reported the Ashbrook bill, restoring the motto. The law is to be effective thirty days after passage. It is understood that President Roosevelt will not oppose the bill.

Every cloud may have a silver lining, but some people wouldn't be satisfied until they had tried the acid test.

At any rate the automobile can scarcely eliminate the dark horse from politics.

## HARRY K. THAW MAY DIVORCE EVELYN ON ACCOUNT OF ALLEGED CLANDESTINE MEETING

New York, Feb. 19.—A new sensation has been sprung in the tangled affairs of Harry K. Thaw with the announcement that young Mrs. Thaw was the unchaperoned guest of E. R. Thomas, millionaire banker, at the Cafe Boulevard last night. It is asserted also today that this fact has been made known to Thaw in Matteawan and has precipitated plans for an action either for an annulment of his marriage on the ground that he was insane at the time it was performed, or a divorce.

Mrs. William K. Thaw in an interview published today is quoted as saying she has told Harry he must divorce Evelyn. "Up to now Harry has refused to listen to counsel I have given him. Until he does he must bear annoyances. I am very sorry for my poor boy. He is brave, but oh, so very foolish. However, I have decided not to give Harry any more advice in his domestic affairs. It is probably best to let those interested settle their own affairs."

The revival of the story that Harry is to divorce his wife is so circumstantial as to be generally believed. It is not known whether or not Thaw's insanity will be pleaded.

way traffic completely on several lines and delayed trains on other lines for hours.

Ample warning was given by the weather bureau of the approaching storm. It came from the southwest and had its origin in the Panhandle district of Texas.

Not until it reached the valley of the Mississippi did it reach the dimensions of a big storm.

The full fury of the storm was reached in Chicago in the afternoon, when it assumed the likeness of a blizzard.

But for the fact that the mean temperature of the day was 24 degrees above zero traffic and outdoor business would have been completely paralyzed.

After battling for three hours against the fury of the blizzard, the fishing tug Anstach was crushed by the slush ice off Waukegan harbor at 8 o'clock Tuesday night and sank beneath the waves with two men of her crew.

## Twelve Inches Of Snow In Chicago And Thousands Are Suffering

### Country Roads Choked Up Mail Carriers Can Not Get Through ---Blizzard Still Raging.

Chicago, Feb. 19.—Twelve inches of snow fell upon Chicago and the surrounding country Tuesday between 8:30 a. m. and midnight and brought death, discomfort and suffering to many thousands of people.

Not since the weather bureau began keeping records, in 1855, has there been a fall of snow as heavy as that which swept over the city all day and far into the night.

A fierce gale, which at times attained a velocity of 48 miles an hour, prevailed at times and piled up tremendous drifts that paralyzed rail-

## GUEST

### Of the People of a Great State Was Bryan

## PUTS IN STRENUOUS DAY

### Talks to Legislature of Reform in Banking Laws

### Speaks for Two Hours in Evening at Dollar Banquet and Was Fresh at Finish.

Columbus, Feb. 19.—The reception which Columbus gave to William Jennings Bryan, Tuesday, was certainly complete as to detail. Mr. Bryan was, truly, not the guest of a party, but the guest of the people of the central city of a great state. Residents of many other portions of the state came in great numbers also and they, too, were the guests of Columbus and treated as such.

There was a noon-day luncheon at the palatial residence of Col. James Kilbourne in honor of Mr. Bryan and of which ex-Governor Campbell, the members of the legislative reception committee and President Williams of the senate partook. Then came the meeting in the chamber of the house of representatives, at which hundreds heard the eloquent Nebraskan give his views of the proposed law to guarantee bank deposits.

Mr. Bryan explained in complete detail his plan for the enactment of national and state laws providing for the absolute security of bank depositors. He also, answered all the published objections to the system and greatly strengthened his arguments in behalf of security for depositors by these answers.

The following is Mr. Bryan's conclusion of his address: "Protect the depositors and let them understand that they can't lose, and then there will not be any runs on the banks and we will have fewer failures than we have today. I appreciate the great courtesy you have shown me in permitting me to address you, and I feel deeply interested in this subject; I feel interested, but not more than you, gentlemen, feel interested. Aye, if there is any difference, you must have a larger interest than I have. I am a private citizen and interested as a private citizen in all that tends to make my country great and my people happy. But you bear the larger responsibility. While I act as an individual and speak only because of my interest in the institution and in the nation, you bear a responsibility that has been placed upon you by the suffrages of your countrymen. Let us make all of our banks good; let us make our banks all equally good and let the advantage that the bank secures be secured for some other reason and on some other basis than the insecurity of millions of depositors."

While Colonel Bryan's address in the legislative chamber dealt almost entirely with the question of a reform in the banking laws and the passage of laws to guarantee bank deposits and "put all the banks back of every bank," as is done in Oklahoma, the evening address touched but lightly upon this matter and was devoted to political questions in general, among them the initiative and referendum, the election of United States senators by direct vote, or the endorsement of candidates for the senatorship by state conventions until the direct vote plan can be provided for; the tariff and its reform; the Roosevelt policies, which Bryan again claimed credit for; the matter of imperialism, which he condemned; the question of "swollen fortunes" and the money question. He took a fling at the "cashier's checks and clearing house certificates," and said that his silver dollar had more intrinsic value than did they. In short the Nebraskan covered the entire political field in his address and seemed fresh and willing to go ahead at the end of two hours. He had an attentive audience and was warmly applauded throughout.

## FLEET WILL REACH CALLAO AT MIDNIGHT

Lima, Peru, Feb. 19.—Peruvian navigators figure that the American battleship squadron steaming about ten knots an hour, will reach Callao by 12 o'clock tonight, and all preparations have been completed for the fleet's reception.

## DECISION EXPECTED SOMETIME TODAY

London, Feb. 19.—The case against General Stoessel, reports of whose recent sentence to death for surrendering Port Arthur prove to have been unfounded, was taken under consideration by the judges of the military court today. Their decision is nominally expected.

## DENIES DRIVING TACK THROUGH BOY'S TONGUE

New Philadelphia, O., Feb. 19.—The board of visitors to county charitable institutions will meet today to investigate charges against Miss Clara Sterling, 24, who is alleged to have thrust a tack into the tongue of Sampson Fowler, 7, an inmate of the county orphan's home.

Miss Sterling said she wished to break the child of untruthful traits. When arraigned in police court in Canal Dover, Miss Sterling pleaded guilty to a charge of assault and battery. She was fined \$14 and costs.

Miss Sterling has been matron of the home during the absence of Robert Nugen, who is in California.

Mrs. Apollo Oppes, who is chairman of the county board which will investigate the charges, says a complete inquiry will be made into the conditions at the home. The physician in attendance on the Fowler boy says he is not badly injured. Miss Sterling denies that she thrust the tack through the lad's tongue. She insists that she merely scratched the tongue with the tack.

### AMUSEMENTS

#### AMERICAN STOCK CO.

There is a strong probability that the present engagement of the American Stock company will be the last opportunity for residents of Newark to see the company intact, as it is the intention of the management to put out two companies next season and divide the present Americans among the two organizations. One company will be led by Nancy Boyer and Jack Warburton and play principally comedy bills, and will have several of the present Americans, while the other, which will fall heir to the title of the American Stock company, will have the remaining members of the present company, two or three plays of the present repertoire and some new faces and several new, spluttering, up to date melodramas. The management has certainly established a record in Ohio and surrounding states of which they may be proud, being easily the foremost purveyors of popular priced entertainment, the plays being clean and wholesome, beautifully mounted and the company being so evenly balanced that it would be difficult to pick a weak spot in the members of the company. The management assumes no large amount of credit for the merit of the presentations, attributing all of this to Henry Testa the stage director, who is certainly wonderfully clever in getting work out of people. He, by the way, will be financially interested in the company in which Miss Boyer and Mr. Warburton are to be featured. Arthur Herbst and the advance agent, Mr. Leedham, are to remain with the new American Stock, so that the two shows will have the foundation of reliability equally divided, one containing the favorite actors and actresses of the present company and the other carrying the old name and the old business force. There is scarcely a resident of Newark who will not wish the two companies all the success which has attended the progress of the present company.

The company with Miss Boyer will likely do a couple of more weeks this summer in Idlewild park, breaking in new bills and it is the present plan to have the American Stock company open in a summer park in Mansfield, and do the week of Labor Day here in the Auditorium, thus assuring the new local management fine and smooth presentations. It is largely on this account that the great naval bill, "The Man-o-War-man" is not to be presented this week.

#### LITTLE JOHNNY JONES.

The coming of "Little Johnny Jones" to the Auditorium Friday evening, February 21, is being construed as an event by the legion of followers of that favorite playhouse. "Little Johnny Jones" is one of the most successful musical comedies that has yet emanated from the pen of that gifted author actor playwright, Geo. M. Cohan. Its success all over the country has been phenomenal, and its engagement at the Auditorium bids fair to be a record breaker.

This is the number one "Little Johnny Jones" company, with a big cast of principals. Then there is the chorus, the dear, delightful, bewitching Cohan chorus, who are always good to look upon, who can really sing, and who work with all the vim and fervor that ever characterized a production presented under the Cohan banner. Then there are two men

summing altogether 75, singing and dancing comedians and comedienne, including many of the names and players who have assisted in its presentation since its initial performance. "Little Johnny Jones" abounds in funny situations, laughable scenes and tinkling musical gems, such as only Geo. M. Cohan can devise and write.

#### MINSTRELS AT ORPHIUM.

For an attraction Friday night at both performances, Manager Baum has secured Mr. Fields' minstrels for one night only at no advance in prices, included with the regular seat sale now on, seats held not later than 7

o'clock Friday evening. This will be the biggest attraction of the season, ten minstrel boys giving a complete first part and typical plantation scene. For singing and dancing and an excellent routine don't miss seeing Fields' big society minstrels, for the one staple price at the Orphium, 10 and 20 cents. The regular program this week consists of the famous Weber family, Vardiman the girl with the autumn hair, Corinne and Lawrence, the up side down dancers, the Haines illustrated song, Allen and Kenna the comedy sketch artists, and the latest motion pictures.

#### AL. G. FIELD MINSTRELS.

Woods and Ralston, who have a reputation second to none as musical artists are appearing in the original novelty, the Five Musical Marines, with Al G. Field's greater minstrel. This is one of the biggest musical acts ever seen with a minstrel production. All the instruments are unusual and novel, including saxophones, xylophones, cornets, trombones and euphoniums. There is a distinct plot running through the act and a climax that creates a flutter of excitement among the audience. The Al G. Field minstrels will appear here Tuesday evening, February 23, at the Auditorium.

#### THE MAYOR OF LAUGHLAND.

Guilt or not guilty will be the verdict in the Tom Waters Case, to be tried at the Auditorium Monday evening. As the new mayor of Laugh-

land Mr. Waters has been charged with being funny—too funny, in fact for the public weal. Convulsions seem to be the most common malady attacking those who investigate Mr. Waters' methods. Those who propose to sit in judgment upon him next Monday should bear this fact in mind and come prepared for the worst. At all events do not forget the date, next Tuesday. The sale of seats begins Friday.

**LILLIAN RUSSELL, ZANESVILLE.**  
Lillian Russell, the famous actress, will appear at the Weller theater in Zanesville tomorrow evening, February 20, and a number of Newark pa-

trons of the actresses' gowns, they are on simple architectural lines—and in simple color effects, in spite of elaboration of detail. The white tailored lace gown worn in the first act is of baby Irish lace, heavily encrusted with heavy Irish suimure motifs that form a deep border, and skirt and sleeves and bodice are finished off with a tailored edge set on with endless pearl buttons.

#### BIG MUSICAL TREAT.

From the way seats are selling indications are that there will be a packed house to hear the Chicago Glee club tonight. This is the second appearance of the Chicago Glee club in Newark, and many who have heard them say it is the best quartet that has ever come to Newark. The club has added several new and strong features to its program, including the trombone quartet. This is one of the big numbers of the chorus. Admission 25 and 35 cents.

#### LEW FIELDS' GREAT HIT.

Up on Broadway, New York, at the Herald Square theater, Lew Fields is presenting "The Girl Behind the Counter." The song hit of this popular musical comedy is "If You'll Walk With Me." It will be given, words and music, in the Magazine Section of next Sunday's New York World.

#### A NEW FASHIONED WIFE.

There's an old fashioned house, in an old fashioned town, and an old fashioned couple dwells there. The furniture, too, is old fashioned and brown, there's an old fashioned clock by the stair; now a new fashioned daughter to this old fashioned home, came one day, bringing sunshine and cheer, and one of the very first plans that she made was to brighten this old place so dear. So she bought Spartan Paint and soon to the place was imparted a share of her own winsome grace. Each room seemed to shine with new beauty and life, and the old folks are proud of their boy's pretty wife. With the aid of Spartan Stain and soon to the place home more attractive. Society Events Occurring During the Past Few Days—Interest in Revival Work.

Utica, Feb. 12.—As a result of the trouble Monday afternoon between the striking glassworkers and two of the former union men who were on their way to work when molested, warrants were sworn out for the arrest of Messrs. Brand and Miller in Mayor Hall's court Monday night by Jacob Yotris, charging assault and battery. Brand and Miller appeared for a hearing in the mayor's court Tuesday afternoon and waived examination and were bound over to the grand jury under bonds of \$500 each. The men molested were on their way to work at the Licking, which now has fifteen shops at work and new shops starting every day.

Miss Isabel Adams entertained at her home on Main street last Friday night. A very enjoyable evening was spent with different games and with instrumental and vocal music. An elegant and dainty supper was served. Pictorial histories of each were given as souvenirs.

Miss Lora Simkins was the guest of friends in Newark last Saturday and Sunday.

Miss Cora Rudolph of Mansfield was the guest of L. O. Coulson and family over Sunday. Miss Rudolph sang a solo in the Methodist church Sunday night.

A. J. Wilson made a business trip to Cleveland last Friday. Mrs. Fred Loeffler of Columbus has been the guest of Mrs. Ed. Pearsall for the past week. Mr. Loeffler spent Sunday here, returning to Columbus Monday.

Mrs. Charles Roberts was called to Pataskala last week by the serious illness of her mother.

Rev. J. E. Harris of Nebraska, will preach in Bell church next Sunday. James Bell had another stroke of

paralysis last week and his condition has been very serious since.

Revival meeting are in progress in the Christian church, Rev. Albert Dunlap leading. Great interest is being taken and it is expected that there will be large results before the meetings close.

One of the most delightful affairs of the season was the valentine hop given in Sperry Hall last Thursday evening by Mr. and Mrs. O. C. Teague, Mr. and Mrs. S. H. Wilson and Miss Vera Wilson. Miss Blaney of Newark and Miss Edna Fox of Lancaster were in the receiving line with the hostesses. A delicious lunch was served at about midnight. Those who did not care to dance enjoyed themselves with bridge whist and euchre. Music was furnished by local talent. Thirty-five couples were in attendance, invitations being out for over 50 couples.

### MARSH'S BAND AND ORCHESTRA

Have Been Awarded Contract for the Music at Buckeye Lake Park—To Consist of Ten Pieces.

I. Edwin Marsh, the well known director of Marsh's military band and orchestra, has just been let the contract for the band and orchestra work at Buckeye Lake park for the coming season.

Mr. Marsh's success as a band and orchestra conductor makes him a particular capable man for the place and it is promised that Buckeye lake park will get music far beyond anything ever attempted in this line at the popular resort. Mr. Marsh's organization will consist of ten pieces, including the best local band and orchestra men he can obtain.

Repairs are now going on at the Buckeye park and a number of big improvements will be noted by the season's first visitors.

THOUGHTS ON BUSINESS

BY WALDO PONDRAY WARREN

A PROMOTION SYSTEM

THE cry is often heard that many large business houses have little in the way of a promotion system, and that employees may work away in some department for years without official notice being taken of them as individuals. It is good to know that this is not true in all business houses, many of which have methods which bring the individual to the attention not merely of the department manager but of those in highest authority.

In a large mercantile institution the best I was shown a system which is perhaps typical of the recent method in general use. The man who explained it to me said:

"We have a complete information card for every employee. The cards are arranged according to the time of promotion or consideration. We go over a certain number of these cards each day or each week, look up the individual, make inquiries about him, consider his fitness for promotion or advancement in salary, and take such action as the conditions warrant. In course of six months we get around to the same person again. If an increase was promised we have a note of it. If it is desired to consider a person one month or three months from the time the matter comes up, his card is put in the proper box to be considered at that time. The result is that no one is ever lost sight of, and many satisfactory promotions are made possible."

**Has Returned from Hospital.**  
Mrs. Gertrude Catlin, daughter of Mrs. Charles Bagley, has returned home from the Columbus Protestant Hospital where she underwent a critical operation. Dr. Sherman Leach of Columbus was the surgeon.

**Small Feet**  
Are at a premium. Chicago (you know they don't need small shoes there) has sent down to Howell, Sheldon, 32 North Fourth street, a lot of Women's Shoes in sizes 2-12, 3, 3-12 and 4, that he is selling at \$1.35 a pair, worth \$3 to \$4. 1t

**Elks Initiate Class.**  
At a regular meeting held last night three candidates, Chas. Allen, W. J. Cooney and Thaddeus S. Parker were initiated into the mysteries of Elksdom. After the work an elaborate banquet was served in the club rooms.

**Position as Relief Operator.**  
Mr. Paul McCahoon, who has been in the office of the timekeeper of the B. & O. railroad company at this point for the past year, and at the same time studying telegraphy, has been given his first position as relief operator and will be at Sundale, on the C. O. division of the road for a few days.

**Successful Operation.**  
Dr. U. S. Essington was operated on at the City Hospital for gall stones Wednesday morning at nine o'clock. Dr. Sherman Leach of Columbus performed the operation, which was a most successful one. Dr. Leach was assisted by Dr. McCullough of this city.

**New Pumping Station Saturated.**  
The big 1000 horse power engine of the new pumping station of the Columbus Gas and Fuel company near Johnstown was started yesterday and worked without a hitch. A day or two will be taken to adjust all its parts and after this week the pumps will be delivering high pressure gas in Columbus from the north-eastern field.

**"The Purity" Store.**  
"The Purity" is the name of the new confectionery store in the Y. M. C. A. building at the corner of Third and Church streets. It will open up for business as soon as their big \$2,500 soda fountain arrives from Decatur, Ill. It has the newest hygienic pumps and all syrups are served from the front of the fountain with this pump system. Watch for the opening announcement.

**Placing Thermometers.**  
Mr. Charles E. Matthews, representing the Robinson-Putnam company of Chicago, has been engaged for some days in putting out a number of extraordinarily large wooden thermometers for the Newark Trust company of this city. These thermometers are 48 inches high, painted white, with blue lettering, and have a large scale which can be seen for quite a distance. They are being placed in nearly all the best locations in the city and are attracting a great deal of attention.

Mr. Bryan On the Issue of Security For Bank Depositors

The address of William Jennings Bryan before the Ohio Legislature on Tuesday on the subject of guaranteeing bank depositors against loss, was a most able and convincing presentation of a measure that is now engrossing the public mind. The subject of surety for bank depositors seriously confronts the public because of the numerous losses of people caused by the recent panic and financial scandals. It appears that it is not a new subject to Mr. Bryan, because some years ago, when he was a member of congress, he introduced a bill providing for the insurance of bank depositors against the possibility of loss.

Mr. Bryan's clear and concise presentation of the subject in his address to the Legislature on Tuesday was listened to by an assemblage that crowded the hall of the house, as well as the members of the assembly, and practically universal were the remarks of approval by the entire body present.

Many were the encomiums passed upon Mr. Bryan by political opponents as well as friends. Many Republicans, under the sound of Mr. Bryan's voice, could not conceal their pleasure at having heard him, and it is known that not a few wished that some Republican leader had given utterance to the sentiments and arguments he so ably and forcibly presented. The principle that bank depositors should be insured against loss will be espoused by many bankers themselves as well as the people who desire the enactment of laws for such protection, and the great question cannot fail to be a leading issue in the coming presidential campaign.

All this proves that Mr. Bryan stands today in an unprejudiced light before large classes of people to a degree that he never enjoyed before. Mr. Bryan, in fact, has greatly grown in favor with people who have heretofore been strong opponents, and he is today immensely stronger with all classes of people as a presidential candidate than ever before.

NATIONAL BISCUIT COMPANY

BRYAN DAY IN COLUMBUS.

Tuesday was Bryan Day in Columbus. Nothing else was talked of or thought of but the coming of the peerless leader of Democracy. The date of February 18 was fixed for the coming of Mr. Bryan, and by a happy coincidence the Democratic State Central Committee was called for the same day.

It is only plain truth to say that Bryan Day in Columbus more than realized the most enthusiastic expectations entertained of it. In the first place the State Central Committee at its meeting in the afternoon endorsed Mr. Bryan as the Democratic candidate for president this year, without a dissenting vote. It seemed to be the unanimous opinion of the committee that it was the thing to do, and the only thing to do, and the sentiment was as unanimous and enthusiastic as was the tending of the presidency to George Washington. In this action the State Central Committee but voices the sentiment of the Democracy of the State of Ohio and this action will be of great significance and influence as being the first great gun fired in what promises to be the greatest national campaign ever witnessed in this country.

At 3 o'clock p. m. Mr. Bryan delivered his address on the banking question in the House of Representatives to an audience composed of both parties that packed the capacious hall from pit to dome. On the floor of the House were seated the members of the legislature with members of their families, specially invited guests and leading bankers of the state. The large galleries were also packed with bankers and people from all over the state. The arguments of Mr. Bryan were able and unanswerable, and evidently produced a profound conviction upon his hearers of the justice and feasibility of government guarantee of the banks of the country.

The culminating event of the day, however, was the monster Bryan dollar banquet in the evening, at which Mr. Bryan addressed the immense audience on the issues of the hour. The banquet was held in the magnificent new Memorial Hall on East Broad street, and plates were laid for 1500 people at \$1 each, it having been necessary to increase the capacity to that number, from the 1200 originally planned, so great was the demand for seats at the banquet, and even then hundreds went away disappointed. The galleries held an audience of ladies and gentlemen estimated at 2000. The banquet began at 7 o'clock and was finished at 8 o'clock, when the Hon. James M. Williams, president of the senate, in a brief but very happy speech, introduced Mr. Bryan as the speaker of the evening. As Mr. Bryan advanced to the front of the platform he received a tumultuous ovation from the multitude that lasted fully ten minutes. Men arose from their seats, waved their handkerchiefs, threw their hats in the air as they shouted enthusiastically, and the entire gallery was a flutter of white handkerchiefs waved in the hands of the ladies.

Mr. Bryan spoke for two hours and his effort was a masterly and magnificent one, being the best, in the opinion of many of his audience competent to judge, of the many great efforts that he has previously made. Always a prince of orators, as he has shown himself in the previous campaigns of 1896 and 1900. Mr. Bryan has evidently grown and improved with age, widened and broadened with travel and experience and now stands a full panoplied giant of oratory in his maturity. His address was an unanswerable arraignment of Republican decadence and a magnificent presentation of Democratic principles and yet, withal, it was broad, liberal and philosophic, so that no fair-minded man of whatever party while admitting the truthfulness of the arraignment of Republican policies on the one hand and the vindication of Democratic principles could take any reasonable exception thereto. Mr. Bryan conclusively showed the wrong and un-American attitude of the Republican party on the currency question, the tariff question and all the leading questions of the day. He showed on the other hand, how the history of the country and the progress of events had demonstrated and vindicated the justice of the position of Democracy on all these questions. He spoke strongly on the divided condition of the Republican party and contrasted it with a harmonious Democracy enthusiastic for victory, which he predicted would perch on the Democratic banner this fall. The address was listened to with the most profound attention and elicited the most enthusiastic applause. A large sprinkling of the audience were Republicans and a notable feature of the evening was that Governor A. L. Harris graced the banquet table with his presence. The grand effect of Mr. Bryan at Columbus Tuesday cannot fail of grand results.

AN ELECTION PRIMER

Pertinent Points About Our Election Machinery For New Voters and Old

THE PRESIDENCY.

**At what age is a man eligible for the presidency of the United States?**  
At thirty-five years.

**Must he be a native of the United States?**  
No. But he must be what the constitution describes as "a natural born citizen," which means that he must be born either in the United States or of parents who are citizens of the United States temporarily sojourning abroad.

**Will you cite an instance of a natural born citizen who was born outside the United States?**  
Certainly. Mayor McClellan of New York, who was born in Saxony while his parents were visiting there, is a natural born citizen of the United States and therefore eligible to the presidency. He is a natural born American citizen because his parents were American citizens at the time of his birth.

**Is the president elected by popular vote?**  
He is not. He is elected by a body of men called the electoral college, each member of which is called a presidential elector.

**By whom are the presidential electors elected?**  
By the people. In each state the electors are chosen by the voters on a general state ticket.

**How long is the term for which the president is elected?**  
Four years.

**Is he eligible for a third term?**  
He is. There is no constitutional prohibition, though there is a "third term tradition" which by popular demand limits a president to two terms, and thus far this demand never has been overcome.

Already spring fashions are very much advanced, and doubtless any one becoming possessed of any of the newest models, if it were not

There is no remedy so reliable at all times as Smith's Universal Cough Cure. It can be depended upon always. Smith's drug store.

A touch of gold in dressy things is the latest. "oTuch for gold" the man might say, but men, you know, are not artistic in the little things that are so appealing to women. Anyway, this touch is absolutely correct in the wrap, dress, or hat, or all of them together.

Every woman who keeps house wants a cream and egg whipper. I saw a new kind today at The Fair that are a mighty good thing. They are of glass and measure and weigh your milk, sugar and flour, besides whipping cream, etc. perfectly.

For opera, ball or evening call, the right footwear is pumps and slippers in patent leathers and colors. Linehan's have them.

The most amazing thing about the latest neck "fixings" is their tinniness. No one would dream that the charming little bows were intended for grown-ups; but they are, and they are about the most effective things of that nature seen in a long time. With an all-white waist a dash of pink, pale blue or scarlet at the neck, is just the thing.

To Cure Rheumatism

The excessive accumulation of uric acid must be eradicated from the system. Dr. Miles' Nervine used as directed for rheumatism, is alkaline in nature. It neutralizes this acid, and its soothing effect upon the irritated condition of the nerves relieves pain and induces sleep and rest.

"I was suddenly taken with a severe pain in my foot. My physician could not tell what was the trouble. In a few days I had the same trouble with the other foot. I was so crippled that I could scarcely walk and at times I had to crawl on my hands and knees from my bed down stairs. After having my shoes on for an hour or two I could manage to walk by suffering the pain. I suffered more or less all summer, and tried almost everything but got no relief. Then I began to have pains all through my system. My doctor told me I had an acute attack of inflammatory rheumatism. I was in the hospital for weeks, but I was scarcely able to walk when I left it. I read about Dr. Miles' Nervine, bought a bottle and also wrote the Miles Medical Co. for advice. They advised me to add salicylate of soda to the Nervine, and I commenced to get better from the start and for the past six months have scarcely any pain, and am able to walk as well as ever."

## The Practice of Keeping Accounts

Is recommended as a valuable help in the economical ad-  
justment of one's living expenses. The income from sal-  
ary or wages is easily known. The three necessary items  
---Rent, Food and Clothing---may be approximately figured.  
Between this income and the outlay there is a fair-sized  
sum not so easily accounted for. With the daily itemized  
record of even one month before you, you are likely to  
find many little unnecessary items that you will decide to  
do without; because, while trifles in themselves, they do  
make a surprisingly large total. If regularly saved and  
earning 4 per cent. compound interest, think what they  
would grow to in a few years.

## STORM

(Continued from Page 1.)  
sas, Kansas and the Southwest. In  
southern Kansas the storm has pre-  
valled since Monday evening without  
abatement, snow and rain falling, ac-  
companied by winds and thunder.  
The Missouri Pacific has two trains  
snowbound in cuts west of Concordia.  
The street railway at Atchison,  
Kansas, are unable to operate, the  
snow drifting in huge banks in the  
streets. A passenger train sent  
to the relief of a passenger train in  
northern Kansas.

The temperature is falling rapidly  
in Kansas and a blizzard seems im-  
minent. Special dispatches say Arkan-  
sas is suffering much the same fate as  
Kansas. Snow has been falling for  
18 hours, traffic of all kinds is sus-  
pended and the cold is intense.

Missouri is in the grip of the  
storm. The southern, as well as the  
northern end of the state, is suffer-  
ing, the north winds and constant  
snow and rainfalls adding terror to  
the situation.

Iowa is in the throes of a Dakota  
blizzard. A fierce snow storm has  
been sweeping over southeastern  
Iowa all day and ten inches of snow  
covers the ground on a level. Live  
stock throughout the state is suffer-  
ing.

Southern Illinois seems to have re-  
ceived the severest attack by the  
snow. Twelve to 15 inches of snow  
has fallen and the high winds has  
drifted it into banks four to six feet  
deep. Mail carriers in nearly all  
parts of the state were unable to  
make the trips and the country roads  
are choked up.

Indiana, Tennessee, Oklahoma and  
Nebraska are being swept by bliz-  
zards and snowdrifts and cold intensi-  
fying with each hour. Terre Haute,  
Ind., reports the Wabash above the  
danger line and far into the lowlands  
causing much suffering.

**TRAFFIC DEMORALIZED.**  
Omaha, Neb. Feb. 19.—The worst  
snowstorm in twenty years has been  
raging over Nebraska prairies for the  
last 24 hours and at midnight last  
night is still unabated. Railroad traf-  
fic is demoralized on all western  
roads and both telegraph and tele-  
phone service is at a standstill.

New York, Feb. 19.—A blizzard  
struck New York early today. The  
storm started shortly before daylight  
and four inches of snow had fallen in  
as many hours without any sign of  
abatement. Traffic is greatly impeded.  
Ocean liners are being held at the  
Hook.

some, hearty breakfast, as Mrs. Aus-

## THROUGH HUGE SNOW DRIFTS

Autos are Plunging in the New York  
to Paris Race--American in  
the Lead.

Toledo, Feb. 19.—At 9 o'clock this  
morning the Thomas car, American  
leader in the New York-Paris auto  
race, dashed out of Toledo into huge  
snow drifts on the way to Chicago.  
Dedion, the French car, left 15 min-  
utes later, stopping here only long  
enough for their driver to secure gas-  
olines. Other racing cars are strug-  
gling out from Toledo to Erie.

**BOYS AND GIRLS OF NEWARK.**  
The boys and girls of this city  
who will cut out and save the adver-  
tisements of The Marietta Paint &  
Color Co., from now until July 1,  
will be presented with a unique and  
novel gift. Only the advertisements  
in verse are to be saved. The adver-  
tisements are to be left at the Newark  
Paint Co., 31 West Church street, on  
or within one week of July 1.

## SOUTH MADISON.

The regular service will be held at  
Madison Chapel, Sunday at 2:30  
o'clock.

Mr. C. F. Lillard was a business  
caller in Newark Wednesday.  
Mrs. A. F. Parr has returned home  
after visiting in Zanesville, the  
guest of her daughter, Mrs. William  
Gerheart.

Mr. Arthur Sherman and sister,  
Miss Lucy, were callers Sunday after-  
noon at Sunny Side.

Mr. A. J. Sherman and family are  
entertaining the former's sister and  
nephew, from the Shandorah Valley,  
Virginia.

Mr. A. F. Parr was a business vis-  
itor in Granville Wednesday.

## BREAKS ARM.

Tobacco, O., Feb. 19.—Miss Mary  
Dineen, niece of Mrs. James Brill,  
had the misfortune to fall Tuesday  
morning and break her left arm be-  
low the elbow. She was going from  
the sitting room to the kitchen and  
in some way her foot caught and she  
was thrown violently to the floor, her  
whole weight falling on her arm. Dr.  
H. H. Postle was immediately called  
and reduced the fracture. She is  
resting as comfortably as can be ex-  
pected.

## COURT NEWS

## A CASE OF DIAPEPSIN WILL CURE YOU OF INDIGESTION

If You Ever Get a Case of the 22  
Grain Triangles You Will See  
How Long You Suffered  
Unnecessarily.

Every family here ought to keep a  
case of Diapepsin in the house, as any  
one of you may have an attack of in-  
digestion or stomach trouble at any  
time, day or night.

This harmless preparation is pre-  
pared in the form of 22-grain Tri-  
angles, and tastes like candy while you  
are eating them, but they will digest  
anything you can eat and overcome a  
sour stomach five minutes afterwards.

If your meals don't tempt you, or  
what little you do eat seems to fill  
you, or it lays like a lump of lead in  
your stomach, or if you have heart-  
burn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent  
case of Diapepsin and take one tri-  
angle after supper tonight, and see  
five minutes after how it feels to  
be rid of stomach trouble.

There will be no sour risings, no  
belching of undigested food mixed  
with acid, no explosions of stomach  
gas, or heartburn, or fullness or  
heavy feeling in the stomach, Nausea,  
Debilitating Headaches, Dizziness or  
Intestinal griping. This will all go,

and, besides, there will be no ferment-  
ation of food left over in the stomach  
to putrify your breath with nauseous  
odors.

Ask your pharmacist to show you  
the formula plainly printed on these  
50-cent cases; then you will readily  
understand why stomach trouble or  
indigestion must vanish like snow be-  
fore the blazing sun.

Diapepsin is a certain cure for all  
your stomach misery. Each triangle  
contains just the elements which a  
strong, healthy stomach has, and has  
been proven by test to digest alone 3,000  
grains of food. Diapepsin will take  
hold of your food and digest it just  
the same as if your stomach wasn't  
there.

Actual, prompt relief for all your  
stomach misery is at your Pharma-  
cist, waiting for you whenever you  
decide you would rather have a  
healthy stomach and perfect Digestive  
system.

A 50-cent case is usually more than  
sufficient to cure a case of Diapepsia  
and leave some around the house  
should other ones of the family need  
wholesome and safe treatment af-  
ter eating something that doesn't  
agree with them.

## IN POLICE COURT

As yet no real clew of importance  
to the safe blowers has been an-  
nounced by the police department.  
Two characters, giving their names as  
James T. McKown and Edgar F.  
Browning of Indianapolis, were ar-  
rested Tuesday evening and the charge  
of loitering placed against them.  
They were ordered held pending in-  
vestigation of their records and exact  
whereabouts during the past week.

F. E. McGaw of Martinsburg, was  
given \$1 and costs in police court this  
morning for being drunk.

Frank Scanlon got in the toils again  
on the old complaint. He claimed he  
had a chance to go to work this noon  
on a hay bailer, so Mayor Atherton  
gave him a suspended sentence. His  
story will be investigated by Chief  
Zergiebel.

## DELIGHTFUL TIME

TENDERED ADVERTISING REP-  
RESENTATIVES BY STEWART  
BROS. & ALWARD.

Columbus and Newark Ad. Men Par-  
take of Sumptuous Banquet at  
Hotel Warden.

The Stewart Bros. & Alward com-  
pany of this city and Columbus  
sprang a delightful banquet for the  
advertising representatives of the  
Newark and Columbus papers at the  
Warden last night. The advertising  
scribes were delightfully treated and  
extended expressions of appreciation  
to the members of the firm.

The Columbus party arrived on a  
limited interurban car at 4:45 and  
proceeded to the firm's local store  
where they were met by Messrs. H.  
H. and W. F. Alward, W. M. Fuller  
of the American Tribune, and L. G.  
Graham of the Advocate. In the Co-  
lumbus party were Messrs. R. C.  
Stewart, of Stewart Bros., E. T. Tur-  
ner, advertising manager of the firm  
H. L. Beam, credit manager, and the  
following advertising representatives  
of Columbus papers, who call upon  
the Stewart Bros. & Alward com-  
pany: T. C. Roberts, Columbus  
Press-Post; Thomas Midgley, the  
Ohio Sun; Mirrow Thompson, the  
Citizen; P. F. Hirsch, the Express-  
Westbote, and W. F. O'Kane, of the  
Dispatch.

Following a delightful banquet, a  
few discourses on advertising topics  
of the day, and a general good time  
the Columbus party left, at 10:20, for  
the Capital City.

## OHIO MAGAZINE

Number of Good Things in February  
Number—Observations of the  
Buckeye Philosopher.

The February Ohio Magazine, just  
from the press, presents an unusually  
attractive appearance and carries a  
number of articles that will serve to  
increase its popularity and its value.  
Among the prominent features are  
The Woman Suffrage Movement in  
Ohio by Elizabeth J. Hauser; An Ap-  
peal for Oleomargarine, Henry C.  
Pittsburg, Ohio the Last Stand of  
Puritanism, P. P. Cherry; Margaret,  
the Spinning Girl, Nina C. Parsons;  
Picturesque Ohio (ten illustrations);  
Recalling Morgan's Raid, Nan M.  
Swingle-Martozoff, besides many  
others. The Buckeye Philosopher,  
(Hon. Webster P. Huntington, the  
editor) as usual says some good  
things. The following paragraphs  
are offered in evidence:

No woman of fine points ever wears  
a decolette gown.

Give the devil his due but don't  
make him your soul heir.

The bridge trust is now noticeable  
at social functions.

A town seldom goes dry if its in-  
habitants feel that they are.

Leap year is the most appropriate  
time for girls to practice the Golden  
Rule.

Every man should have his hobby  
but the fad of collecting bills is over-  
done.

It takes an artist to draw with  
generally pleasing effect on porcelain  
or a cigarette.

It must be admitted that great men  
often make mistakes. Look at most  
of their sons.

In preparing for matrimony it is  
always appropriate to attend a course  
of lectures.

When a man worries about his  
money a doctor can usually remove  
the trouble.

No superstitious man ever declined  
to receive \$13 for a \$12 debt.

There surely ought to be money in  
politics in view of all that has been  
deposited there.

The first printing press was the one  
that ended with printing a kiss on  
a maiden's cheek.

After all there should be some  
sympathy for the woman who marries  
for money. She usually pays for it.

People who think that talk is cheap  
should hire a lawyer.

Sometimes when a woman is en-  
tertaining a guest

## The Advocate's Evening Story

AN ARTIST'S SEARCH.

[Original]

Mark Hammond, American artist in Paris, was lounging one morning after breakfast in his studio before beginning his day's work. He had received a newspaper from home and, as was usual with him on the receipt of home papers, he read every word, including advertisements. Suddenly he started. His eye had lighted on the following advertisement:

If Marcelline Blanche Cutter will communicate with Griffin, Hastings & Ham, Temple court, New York city, she will hear something to her advantage.

Now, there was an especial reason why Mr. Hammond should be moved by this advertisement. Some months before he had needed a table for his studio and had purchased one of an artistic pattern in a secondhand furniture shop. There was a drawer in it, but no key. For awhile the purchaser was content to let the drawer remain closed; but, finally needing it, he fitted a key and opened it. It contained a few old papers so eaten by mice that he could make nothing of them. There was an envelope--no letter in it--partly destroyed. An address was on it, or the remains of one, as follows:

Marcelline B.  
43 Rue du C  
Paris

Hammond threw the contents of the drawer into a wastebasket, but the same evening, needing a bookmark, he took out the envelope for the purpose and used it till he had finished the book, leaving the envelope in the last place marked. The name Marcelline is an unusual one, and Hammond had had it before him for a matter of ten days. He dropped the paper he had been reading and reached for the book. There was the envelope with the incomplete name and address. What was left of the address was plain except the first, a sole remaining letter giving the name of the street. It is printed here as a C, but there was that on its lower end to suggest that it might be something else.

Hammond was interested. Nevertheless it was the hour when, fresh after a night's sleep, he did his best work, and he took up his palette and brushes. In ten minutes he threw them down, took his hat and went out to find a city directory. There were dozens of it in Paris whose names began with C, and dozens that might begin with C and a tail to it--a Q or a G, for instance. Hammond muttered something about the fool killer taking him and went back to his work. This time he succeeded in remaining at his easel till his breakfast (dinner in America), after which he began a hunt that took up all his leisure time for weeks.

Having made a list of all the streets in Paris whose names begin with C, Q and G, he gave several hours a day to hunting for Marcelline Cutter. He

judged that she was a lady and confined himself to the best streets till he had exhausted them, then with but little hope began on the poorer ones, lighting at last on 43 Rue du Gendred, a dingy street near the Church of St. Sulpice. A girl of twenty responded to his knock. She was shabbily dressed, but comely.

"I am looking for Marcelline Cutter," said Hammond.

"My mother is Marcelline Cutter, and I am Mabel Cutter."

Hammond knew his search was ended. Mother and daughter had lived where he found them for years. The daughter worked in a bookbindery near by. It was an old story of a marriage for love, including a runaway, and without forgiveness. Marcelline Seymour married Edgar Cutter, an Englishman. There were no means in either family, but Cutter secured a position in an American banking house in Paris, died and left his widow and daughter penniless. Mrs. Cutter was at a loss to know why she was required for. It could not be for an inheritance, for she knew of no relative who had means to bequeath her. The advertisement emanating from America indicated that she was sought for by the Seymours rather than the Cutters.

Hammond left the two to send their address to New York and settled down again to his work. A month passed, when there was a rap on his studio door, and two ladies entered. Beneath their altered dress he recognized the Cutters. Then they gave him the sequel to his search. Edgar Cutter had a brother Hugh, who had worked his way from England to Colorado. There he prospected, mined, struck a bonanza and became very rich. He hunted for his brother, but could gain no trace of him except that he had married Marcelline Seymour. Dying childless, Hugh Cutter left his property to his brother and his brother's wife and children, if any, on condition that they were found within a year after his own demise. If not the property was to go to his cousin, a resident of the place in England where the family had long lived. The year would have expired within six weeks after the date on which Hammond began his search.

Mrs. Cutter begged Hammond to name some way by which she might recompense him for his trouble and reward him for saving her and her daughter a splendid inheritance. Hammond, though but a poor artist struggling to paint pictures worthy to be hung in the Salon, declined to accept any compensation. He, however, decided to return to America with the Cutters and on arrival there was persuaded to go with them to Colorado and become active in securing their inheritance. He finally accepted a considerable fee and in the person of Mabel Cutter, whom he married.

## FORTY MILES AN HOUR IN AIR FINE WINTER SPORT AT ST. PAUL

Ski-Running And Ski-Jumping Prime Sports Single  
Jumps of 75 Feet Do Not Satisfy Members of  
The St. Paul Ski Club

St. Paul, Minn., Feb. 19--Single jumps of from 75 to 80 feet do not satisfy the members of the St. Paul Ski club, and the head of the big Pleasant avenue hill is being held out, in advance and the club regularly makes its run,

MAKING READY FOR THE START.

FORTY MILES AN HOUR IN MIDAIR.

steeper and longer slide for the ski runners. One hundred feet at a jump travelling 40 miles an hour while in midair, is the present ambition of the and it is not improbable that with more of the bright sunlight winter-weather, with cold enough to make dry snow and keen sport, the 112 foot jump which was last season's record will be broken.

Among the thousands of sportsmen of Scandinavian descent in the Northwest ski running and ski jumping are prime sports. The ski is a narrow strip of wood, four inches broad, eight to ten feet long and up turned at the tip. It is in effect a wooden skate for use on snow. The foothold midway of the length of the ski is a simple strap to catch the toes. On this simple device the ski runner, gently tilts over the top of a hill, and on his narrow runners descends like a dash, with terrific speed. The really keen ski jumper demands a "jump" at the foot of the slide, or a hump of snow with a sharp upward incline. As he strikes this hump he frequently a dozen feet in height he crouches slightly, and as he reaches the top springing lightly into air. The terrific speed gained on the downward descent, and the jump for the rest. He way strikes the snow in 50, 80 or a hundred feet, but so expert do skilling ski runners become that they rarely fall, but light easily and gracefully and skim along over the snow to a stop.

Stollen, Simmons, Hans Mayer, Isachsen, and others of the St. Paul club have jumps of from 50 to 100 feet to their credit. Manganese and others, especially the Germans, also Minnesota, train as ski jumpers.

Ski running, with the long, graceful, full swing of the arms and legs, and the quick, light, springy motion of the body, is a most interesting and exciting sport. The ski jumper, on the other hand, is a more of a daredevil, and the jump is a most thrilling and exciting sport. The ski runner, on the other hand, is a more of a daredevil, and the jump is a most thrilling and exciting sport.

MAKING LANDING AFTER THE JUMP.

this fact, and while the other cities in the league will contest the fact all season with startled men, yet the gauntlet has been thrown down and the rest of the teams of the circuit have all season to prove to us that we won't land on top when the curtain rings down on the season.

### THE FAN MILL.

It is altogether probable that the baseball park of the Zanesville Baseball company will be located on the Cant farm, just west of Gant park.

Pitcher Jack Breckinridge may be Walter East's successor as manager of the Akron team.

Four recruits were sold by Cleveland last week. Wm. Speas, outfielder with Mansfield O. & P. last year, and Wm. Hillie, infielder with Waseau, (Wis.) State league, go to Akron, O. & P.; Scotty Ingerton, infielder with Albany, N. Y. State League last year, to Marion, Ohio State league, and Monte Wood, pitcher, to Albany, where he played last year.

Manager Ed Ransick of the Springfield club, has already placed the order for the new uniforms of the club. The suits will be gray with a cardinal "S" on the breast. The caps will be a gray plaid with cardinal stripes running to the top. The stockings will also be gray with a red stripe running around them. To set the uniforms of the players will be provided with bright red sweater coats.

Van Patterson wants more money than Sharon is willing to give, and says he will quit rather than sign for the figures offered. Secretary Clepper seems willing that Pat should retire.

Dick Nallin, the big right fielder, was released by Manager Wright of Youngstown, Friday.

Bill Smink and Harry Hardy have been signed by President Morton as umpires in the rebel league. They will be delighted to hear it, provided there is to be any such league this season.

Harry Redman, the other end of Youngstown's famous Gee-rard battery for the past two years, will again don the mask and protector for that team this season.

There is a probability that two or three of last year's Youngstown team now under reserve may not return again. Pitcher Sam Smith, Outfielder Bill Thomas and Pitcher Glassburner, have thus far declined to accept the contracts offered them and may be sold or traded.

Manager Pete Porter of New Castle received the signed contract of H. C. Mittinger, a pitcher, who is said to have been wanted by Manager Marty Hogan of Zanesville. Porter has also signed First Baseman H. W. Weber of Chicago.

### FALLSBURG.

Mr. G. W. Netters visited his sister, Mrs. Matthew Frost, last week. Carl Farquhar had the misfortune to throw his arm out of place last week.

Owing to the inclemency of the weather and bad roads we had no mail on route No. 2 last Friday and Saturday.

The Freece well is a scene of much business at present. Oil flowed in and shut down the gas. The tubing was drawn to get the oil out, and then water came in, a cave-in followed, and they are now drilling that out. The well will be shot soon.

Our genial mail carrier, Floyd R. Miller, has resigned, to take effect the 15th. John I. Smith was appointed to fill the vacancy, but when Monday's mail was delivered it was brought by Mr. Joseph Varner. Mr. Smith having also resigned.

Mrs. J. W. Little, who has been visiting with her daughters, Gladys and Esther, at Frazersburg for three weeks, returned home last week.

Teamsters are hauling drill stems, ballers, &c., from the wells here to Ulica.

## GETTING READY TO BUILD A NEW EDIFICE

CONGREGATION WILL ASK FOR  
CASH DONATIONS—CHURCH  
BADLY NEEDED.

Cottage Will be Sold When the New  
Building is Completed.

In order to meet the indebtedness on the Cottage Chapel, built by the North Newark Christian Union church and to secure funds to begin their new church edifice, the North Newark C. U. church through its new pastor, is making a request to each family in Newark for a cash donation. The requests are being taken to each home, and an envelope left in which to enclose the offering. The envelope will be called for at a later date by parties duly authorized by the church to collect the same and the envelopes will be turned over to the secretary and treasurer of the church, who will open the same and make a record of the name and amount that each one gives. A church is badly needed in the North End and any offering that the people will make will be very gratefully received, even though it be small.

The church has been reorganized and has taken on new life and energy, and will push the work of the new building as rapidly as possible.

The new pastor, Rev. I. B. Dillin, is not only a successful preacher, but a trained and experienced business man, and the people can rest assured that the business will be done in a business way.

The building to be erected will be such as will be a credit to North Newark. The plans and style of building will be given to the public as soon as possible. When the new building is completed, the cottage in which the services are now held will be sold and the proceeds applied to the new building fund. The cottage will sell from \$1200 to \$1500.

The new pastor is a member of the Home Mission Board of the North Ohio C. U. Council, which board will be called upon to aid in the building fund.

## WEDDINGS

### SANDERS-ASHLEY.

Married, Mr. James Frank Sanders and Miss Gracie May Ashley, of the Knoxville, Tenn. Rev. Mr. Sanders, a brother of the groom, performing the ceremony, which was witnessed by a few intimate friends of the groom. The bride was for several years a popular teacher in the public schools at Silverton, Colo., her former home. For the last two years she has made her home with her sister, Mrs. Geo. W. Griffith, of Ridge avenue, Idaho Falls, and has many friends there who wish her happiness in her new home.

The groom is a rising young attorney of Knoxville, where they will go to housekeeping in a cosy little home prepared by the groom.

This is the culmination of a little romance begun a number of years ago when both bride and groom attended the National university of Lebanon, Ohio, both being graduates of the scientific class of 1901.

Miss Ashley is a daughter of E. T. Ashley a former resident of Newark and well known hardware dealer on West Main street, but now living in Colorado, also a niece of Mr. George Ashley of Granville street, this city.

## THE WRONG WAY

Many Physicians Try to Cure Dyspepsia by Having Their Patients Starve Out the Disease.

This Method May Ruin the Stomach.

To become a physician one must study medical literature for a long time, attend several years at a medical college, dissect at least one human being, pass many quizzes and examinations and at last receive his diploma. Yet all this does not necessarily make a doctor.

We have known many who could not with their sheepskin they had acquired apply the knowledge of a patent on dyspepsia.

They were floored by their first attempt to cure such cases for this, for they were not to be acquired from all the knowledge the medical works was written.

They were told to try the following: Aromatic Ammonia. Bicarbonate of Soda. Bicarbonate of Potash. Blue Mass. Camphor Water. Catechu. Charcoal. Croscote. Hot Water. Lime Water. Magnesia. Mineral Waters. Nitro-Muriatic Acid. Nitro-Muriatic Acid. Nutt's Vandy. Oil of Amber. Oil of Cajuput. Rhubarb. Senega. Spirits of Lavender. Starvation. Strychnia. Sulphur. Sulphate of Lime. Tincture of Cardamon. Taraxacum. Tincture of Ginger. Tincture of Iron. Tonics. Vegetable Bitters.

In the list hot water is the only remedy that will not do more harm than good, and its use is still an old problem. If the professor who coag package graduate would hand him a tell of Stuart's Dyspepsia Tablets, dyspepsia that it was a specific of ailments, indigestion, all stomach stay in and should be his first remedy. These cases, that one grain of Stuart's five principle would digest that aided by this remedy the stomach would soon regain its normal condition, he would do the student more good than sending him forth with a lot of uncertain knowledge about the cure of these diseased conditions.

The young doctor would gain a reputation by curing his first case of dyspepsia.

The patient cured would sound his praises far and near, as do thousands upon thousands who praise Stuart's Dyspepsia Tablets.

Instead of experimenting with the mess of medicine in the above list and doing his patients more harm than good, he would always be gaining reputation by always curing his patient.

When he met any indication of a diseased organ, he should discover what hundreds of other doctors have, that the whole trouble started with imperfect digestion and assimilation, then take out of his pocket medicine case a few of Stuart's Dyspepsia Tablets and tell the patient how to use them.

The result would be considered by the patient almost miraculous, and success after success would be achieved by him.

Many blood diseases, skin eruptions and heart troubles yield readily to Stuart's Dyspepsia Tablets, because they cure the incubating cause—dyspepsia. If the stomach is wrong you are wrong all over.

Stuart's Dyspepsia Tablets are sold everywhere at druggists—50 cents per package.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

The second day of the dog show brought out the people in good shape, and Tuesday afternoon the Army was crowded with dog-lovers, both gentlemen and ladies. The dogs were in the best of form for the inspection for they were rested after their trips and had been rubbed down and cared for by their owners or keepers.

The judges stand two and three deep with people standing with catalogues in their hands watching the judges of the dogs as they were called in their classes. The stalls were in most cases are decorated with the ribbons taken by the animals, and tags giving the prize have been tacked on their cages helping the spectator to locate the dog.

The show has been a popular place for the ladies and they stay for hours walking around, petting and talking to the exhibits and, in most cases wishing they owned that particular canine. The judging started Tuesday morning about 11 o'clock, and the following dogs were winners:

"Ruth" is regarded as a "comer" in every sense of the word and Billy has a right to be proud of her.

Herman Hoster of Columbus, is at the show with a string of four dogs, two French and two Boston bulls. "Sardou," French bull, has made a great showing at other bench shows and is strong on getting the blue ribbons. "Fantana," another French bull, is worthy of notice. "Ameston" and "Honeymoon," the Boston bulls, are beauties and are attracting much attention.

Again the dogs owned by Newark fanciers made a good showing at the big bench show, and some of them will be sent to Columbus the latter part of the week to compete in that show.

According to the report of President Kuster over 1500 people visited the show Tuesday.

While the women that visited the show paid most attention to the smaller and fancy dogs, with a few in favor of the bull dogs, most of the men were found around the stalls of the pointers and setters and the other game dogs.

The way in which The Advocate has reported the show has been complimented by the men showing animals there, and many extra papers have been purchased to send to their friends or to the kennels.

No dogs will be moved from the armory until after 10 o'clock tonight, so those who would like to attend the show and can't go in the afternoon, will find all the dogs there tonight.

"Happy Hooligan," the toy terrier, who weighs at a pound and a quarter, is being "pestered" more than any other dog in the show by his admirers, who ask all kinds of questions about his age, weight, height and value.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

TRAIN KILLS MAN AND HORSE.
